The veteran, JOHN BIGELOW, in an address at the dedication of a museum presented by him to his native town in Massachusetts, declared that, "No people in town, village or city can be really prosperous or happy without being brought together frequently to share common amusements and recreations and exchanges of opinion; it is such attractions that have contributed in a great degree to make Paris, London, Florence and Rome pilgrim shrines."

In commenting on this thought The Philadelphia Press says that it is the opinion of a man of culture, of keen observation and of experience through a long life extending beyond ninety years. It is not new, for it has been felt in almost every community at one time or another, but it has such obvious truth and force that it is worth reviewing any time and all the time. Harmony of thought and purpose and action have prospered many a city.

We have had perhaps the best demonstrations of this in Western cities, particularly on the Pacific coast, where there has been marvelous growth of the new municipalities. Everybody helps to push the city along with all its interests, and they all work to one definite end, not pushing and pulling against each other.

Every city, whether large or small, is a community of common interests. Great enterprises, whether of a public or private character, are to the advantage of all. The prosperity of one business is helpful to another, and when all interests work together they are irresistible. Public improvements are in a measure better attended to in European cities than in the average of American cities, because municipal authority abroad is more of a unit and can act upon its own initiative, and it has in most instances a popular approval for what it does because one of the first considerations is to provide for the pleasure of people, and give them every opportunity for reasonable enjoyment.

All that makes a city attractive and prosperous can be had by almost any city whose people are united in the purpose.

The city which goes ahead is the city whose people understand each other and act in harmony.

All of us would promote our own interests better if we got together more rapidly and more frequently.

The city belongs to all, and to all belongs the responsibility of aiding in its advancement.

Home Treatment for Tuberculosis

Many people have cured themselves of tuberculosis by a very simple, inexpensive home method—fresh air, careful diet and Eckman's Alternative.

This Alternative is not a new medicine. It has been conquering tuberculosis for several years, curing resulting after other methods had failed. Think what this means. No specialist's fees; no sanatorium charges; no traveling expenses. Eckman's Alternative has cured many people at home, where their dear ones encourage them and give them that tender care which money cannot buy. After you have thoroughly investigated our affidavits and testimonials—feeling sure in your own mind that if Eckman's Alternative has cured so many others, it surely must help you—start taking the Alternative. Your improvement should be gradual, but certain. If you have been faithful to Eckman's Alternative, you will be amazed at your improvement. A statement from one who knows follows:

220 So. 4th St., Colwyn, (Darby) Pa. Gentlemen: "For four years I was troubled with cough, which gradually became worse. I had night sweats and pains in my chest. I was losing my appetite and had become so thin and weak I could not attend to my household duties. A physician pronounced my case consumption. Not being satisfied, I was examined by the physicians of the Polylinic Hospital; they also pronounced my disease consumption, which was proven later, by an examination of sputum, as Tuberculosis Bacilli was found. I was ordered to a Consumptive Hospital. My nephew would not allow me to go until I had tried Eckman's Alternative. Before I had taken the medicine three weeks I had marked relief; night sweats ceased; pain in the breast relieved; cough became loose and easy; ever left me and I commenced getting well. My health became normal. I am in excellent health now and have been completely cured for ten years. I strongly recommend it."

(Signed) (MRS.) MARY WASSON.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FARMERS' MEETING

Saturday Afternoon at the Court House—A Good Speech and Attentive Crowd

The announcement that there would be a farmers' meeting at the Courthouse Saturday afternoon at 1:30 o'clock attracted a fairly good gathering of the bone and sinew of the land.

The meeting was called to order by Rev. J. E. Reed of this city, who, in a pithy and pointed five minutes speech, stated the object for which the meeting was called and introduced the speaker.

It was an anomaly, in that a Preacher, rather than a farmer, or a person identified in the cause, should have been selected for the occasion. It was apparent that there was an estrangement, to a certain extent, existing between the mass of his hearers and the speaker.

The address was delivered by M. F. Sharp, President of the American Society of Equity, who was forceful and plain-spoken in what he had to say. His subject was "Organization and Co-operation," which he handled in a masterful and convincing manner. He charged the Burley Society with having fallen from grace and strayed away from the parental household, and in so doing disaster and misfortune had overtaken it. He was caustic as well as erudite in his remarks, and withal an entertaining and intelligent speaker.

He is here for the purpose of organizing and establishing Local Unions of the American Society of Equity, and is particularly interested in having the Burley Society return to the House of its Fathers.

From here he went to Vanceburg and will return here, spending three days in the county. He expects to speak at Tolt-sboro, Lewisburg and Mayslick and other points in the county if called upon.

His speech was well worth hearing, for he

presents facts in tabloid doses that is good for all classes of labor in their strenuous fight for a living.

WOMEN'S WOES.

Maysville Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people in this locality.

Mrs. Etta Carson, Front street, Vanceburg, Ky., says:
"My kidneys were disordered for several years, and I suffered from attacks of lumbago. My back ached intensely and the kidney secretions were profuse at times, while at others, scanty and distressing in passages. If I attempted to stoop, sharp twinges darted through my kidneys and often I became very weak. I finally began taking Doan's Kidney Pills and they proved of benefit in every way. I know of other persons who have used Doan's Kidney Pills with satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—take no other.

It is hard to live within one's income, and harder still to live without it.

When a man fails in life, he usually says, "I am as God made me." When he succeeds, he proudly proclaims himself "a self-made man."
